Fri 1 Jan	**New Year's Day (Public holiday)** Paid public holiday.
Fri 1 Jan	**2027 EI premium rates start (Tax and payroll)** From 1 January 2027 the employee EI premium rate is $1.64 per $100 of insurable earnings and the employer rate is $2.30 per $100. Maximum insurable earnings rise to $70,800, so the most an employee pays in 2027 is $1,161.12 and the most an employer pays per employee is $1,625.57. In Quebec, where the Quebec Parental Insurance Plan applies, the rates are $1.29 (employee) and $1.81 (employer) per $100. The 2027 CPP rates and maximums had not been published on the CRA payroll pages when we checked on 5 November 2026, so check them before your first 2027 pay run. Who: All employers with payroll.

Every month or every year, no fixed date

Payroll remittances to the CRA (regular remitters): Every month, by the 15th

Income tax, CPP contributions and EI premiums you deduct, plus your share of CPP and EI, must reach the CRA by the 15th of the month after the month you paid your employees. Due dates follow the pay day, not the pay period. For example, deductions from pay you gave on 29 January 2027 are due by 15 February 2027. New employers are regular remitters. When a due date falls on a Saturday, Sunday or a public holiday the CRA recognizes, your payment is on time if the CRA receives it by the next business day.

Payroll remittances to the CRA (quarterly and accelerated remitters): On the schedule the CRA gives you

Quarterly remitters (small employers with an average monthly withholding under $3,000 and a perfect compliance history) remit by 15 April, 15 July, 15 October and 15 January. Accelerated threshold 1 remitters (average monthly withholding of $25,000 to $99,999.99) remit by the 25th for pay from the 1st to the 15th of a month, and by the 10th of the next month for pay from the 16th to the end of the month. Accelerated threshold 2 remitters ($100,000 or more) remit within 3 working days after the 7th, 14th, 21st and last day of each month, electronically or at a Canadian financial institution. The next business day rule for weekends and holidays applies.

Record of Employment (ROE): Each time an employee has, or is expected to have, 7 consecutive days with no work and no insurable earnings

Electronic ROE, weekly, biweekly or semi-monthly pay: within 5 calendar days after the end of the pay period in which the interruption happens. Electronic ROE, monthly pay: the earlier of 5 calendar days after the end of the pay period or 15 calendar days after the first day of the interruption. Paper ROE: within 5 calendar days of the first day of the interruption, or the day you learn of it. Keep your copy for 6 years.

Regular pay days: Every pay period

A pay period of 16 days or less, with pay within 5 working days of the end of the period.

Final pay when an employee leaves: Each time employment ends

By the last day of the next pay period after employment ends, including vacation pay. Plan the Record of Employment at the same time.

Paid holiday pay: Each paid holiday

To qualify, an employee must have been employed for at least 30 calendar days before the holiday, have earned pay on at least 15 of those 30 days, and work their last scheduled shift before and first scheduled shift after the holiday. An employee who works on the holiday gets a regular day's pay plus 1.5 times their regular rate for the hours worked, or regular pay for those hours plus another paid day off.
